Subject-Specific Examination Regulations for the Master's Programmes of the Faculty of Medicine of 11 February 2026

(University Gazette of Friedrich Schiller University Jena (Verkündungsblatt der Friedrich-Schiller-Universität) No. 5/2026, p. 296)

In accordance with Section 3(1) in conjunction with Section 38(3), and 55(1) sentence 2 of the Thuringian Higher Education Act (Thüringer Hochschulgesetz, ThürHG) of 10 May 2018 (Thuringian Law Gazette (GVBl.) 2018, p. 149), last amended by Article 31 of the Law of 2 July 2024 (Thuringian Law Gazette, p. 277), and of Section 1 of the Framework Examination Regulations of Friedrich Schiller University Jena for Master's Programmes of 11 February 2026 (M-RPO) (Gazette of Friedrich Schiller University Jena (Verkündungsblatt der Friedrich-Schiller-Universität) 4/2026, p. 135), Friedrich Schiller University Jena enacts the following Subject-Specific Examination Regulations for the Master's Programmes of the Faculty of Medicine. The Council of the Faculty of Medicine adopted the Subject-Specific Examination Regulations on 11 November 2025. The Senate of Friedrich Schiller University Jena approved the Subject-Specific Examination Regulations on 10 February 2026.

The President of Friedrich Schiller University Jena approved the Subject-Specific Examination Regulations on 11 February 2026.

Section 3: Examiners' qualification
Section 4: Module examinations
Section 5: Registration for the module examinations
Section 6: Oral supplementary examination
Section 7: Substitution of required elective modules, attempts not counted if failed
Section 8: Provisions regarding the master's thesis
Section 9: Final grade
Section 10: Entry into force and expiry

Section 1
Scope of application

[1]These Subject-Specific Examination Regulations, in conjunction with the Framework Examination Regulations (M-RPO) of Friedrich Schiller University Jena (Gazette of Friedrich Schiller University Jena (Verkündungsblatt der Friedrich-Schiller-Universität) 4/2026, p. 135), as amended from time to time, shall apply to all degree programmes of this Faculty leading to a master's degree and listed in the Annex to these Regulations. [2]The Annex shall form part of these regulations and shall specify the required degree- and subject-specific standard period of study for each degree programme listed, the degree to be awarded, as well as the other faculties involved provided it is a joint degree programme for which the

Faculty of Medicine is responsible.

Section 2
Examinations Committee

(1) In accordance with Section 9(1) of the M-RPO, the Examinations Committee shall comprise three members from the group of lecturers, one member from the group of academic staff, and one member from the student body who shall be enrolled on a master's programme.

(2) [1]If one of the degree programmes listed in the Annex is a joint programme offered together with another faculty of Friedrich Schiller University Jena or a programme offered in cooperation with another institution of higher education, the Examinations Committee shall, in accordance with Section 9(1), sentence 5, of the M-RPO, be expanded by one voting member from the group of university lecturers of the respective other faculty or university involved. [2]This member shall be appointed by the faculty council of the faculty involved or by the competent body of the university involved. [3]The additional member shall participate in the meetings of the Examinations Committee on an equal footing whenever matters relating to the relevant degree programme are discussed or decided upon. [4]The provisions regarding the quorum according to Section 9(3) of the M-RPO shall apply accordingly.

Section 3
Examiners' qualification

The Master's Programme Framework Examination Regulations (M-RPO) shall apply.

Section 4
Module examinations

The Master's Programme Framework Examination Regulations (M-RPO) shall apply.

Section 5
Registration for the module examinations

The Master's Programme Framework Examination Regulations (M-RPO) shall apply.

Section 6
Oral supplementary examination

Subject to the requirements set out in Section 19 (3) of the M-RPO, students shall be granted the opportunity to take an oral supplementary examination, which may be awarded only the mark "Pass" (4.0) or "Fail" (5.0).

Section 7
Substitution of required elective modules, attempts not counted if failed

[1]In accordance with Section 20(3) of the M-RPO, an examination which has been passed may be repeated to improve the grade achieved for one module of the programme (attempt not counted if failed). [2]This shall not apply to the grade achieved in the oral supplementary examination.

Section 8
Provisions regarding the master's thesis

(1) By way of derogation from Section 24(6) of the M-RPO, the master's thesis shall be submitted to the Examinations Office in electronic form and, in addition, as a single printed copy.

(2) If, according to the module catalogue, the master's thesis involves an oral graded assessment, the oral assessment shall have a weighting of 1/ 3 in the calculation of the overall grade awarded for the master's thesis.

Section 9
Final grade

[1]In accordance with Section 26(1), sentence 2, of the M-RPO, the grade for the master's thesis shall account for 50 per cent of the final grade; the arithmetic mean of the module examinations weighted by credit points shall also account for 50 per cent. [2]The grades for the individual modules shall be weighted by the number of credit points assigned to the respective module.

Section 10
Entry into force and expiry

(1) [1]These Regulations shall enter into force on the day after their announcement in the University Gazette of the University of Jena. [2]They shall apply to all students enrolled on a master's degree programme at the Faculty of Medicine.

(2) At the same time, the following Examination Regulations shall cease to have effect:

1. Examination Regulations of the Faculty of Medicine of Friedrich Schiller University Jena for the Molecular Medicine Programme leading to the degree of Master of Science of 20 April 2009 (Gazette of Friedrich Schiller University (Verkündungsblatt der Friedrich-Schiller-Universität) No. 11/2009, p. 1157).
2. Examination Regulations of the Faculty of Medicine of Friedrich Schiller University Jena for the Medical Photonics Programme leading to the degree of Master of Science of 18 June 2015 (Gazette of Friedrich Schiller University (Verkündungsblatt der Friedrich-Schiller-Universität) No. 1/2016, p. 8).

(3) In so far as the Study Regulations of the Faculty refer to provisions contained in Examination Regulations that have ceased to have effect, the corresponding provisions herein and the provisions of the Framework Examination Regulations shall apply.

Jena, 11 February 2026

Prof. Dr Andreas Marx
President of Friedrich Schiller University

Annex to the Programme-specific Examination Regulations for the Master's Programmes of the Faculty of Medicine

Degree programme/Subject	Degree designation	Standard period of study (in semesters)	Joint degree programme with the faculty/ Cooperation with institution of higher education:
